

## Short Pitch

- A web portfolio that showcases different projects, apps, and the resume of Jeff Baum

## Long Pitch

- Although the site doesn't have an official name yet, the site will display all of Jeff Baum's projects, apps, and resume. The site will be a great place for recruiters to come and see all of Jeff's works in one place. Jeff doesn't currently have job, but the site should be able to change in a way that expresses Jeff's current available in term of employment.
